

Welcome to **bookzone**

**BookZone** challenges you to test your knowledge of some of today's most popular books. For each book there are three games.

**Staying on the ball** contains ten multiple-choice questions. This game tests how closely you followed the 'play' in the book you selected, and focuses on questions such as who, when, where and how.

**Serious air** contains ten multiple-choice questions. This game tests how much 'air' you can handle between the book's content and reality, and focuses on issues that make you think.

**Shooting the hoop** contains a sequencing activity and two open-ended questions, designed to put your brain in overdrive.
